

Hello Hello

Hello Hello
Are you alright?
Keeping occupied?
Are you safe, are you sound?
Is your heart warm?
Are you always cold or all alone, like you used to
Are you entertained or are you bored?
Are you not sure
cause you never knew what to do what I was here with you
You didn't know how to love

But it's OK
Didn't expect the lovin anyway
but I have to say I wonder why the sudden change
Now you're caught cold
and you're insecure
Oh I know a fraud when I see one, and you...

Why are you calling me on my phone?
When I told you to leave me alone
you're leaving more traces, spent time erasing you
Threw all your pictures out yesterday
Now I see your face everyday
God damn you're chasing something that's ancient
Death comes to you as you seek

Hell no, Hell no
Oh what I went through for you
yeah you miss the way I taste do you?
Now you reap what you sow
yeah it's all too late
Don't want to hear it now anyway
There's no excuse for you
you gotta leave with you

Why are you calling me on my phone?
When I told you to leave me alone
you're leaving more traces, spent time erasing you
Threw all your pictures out yesterday
Now I see your face everyday
God damn you're chasing something that's ancient
Death comes to you as you seek

The Player And The Fool

I always knew you were for you
and never two,
you playing devil's advocate
I see ya

This started out a comedy,
Its ending in a tragedy
I'm glad I have revealed ya

She couldn't see behind your mask
It's always easy to believe

someone that will love ya

But through it all, the makeup off,
the curtain closes, always fall
How do I applaud ya

Queen of the castle
romance and curses
cause´ Bitches brew
the laugh is on you
You thought you had it
no doubt about it
thought you knew
The Player and The fool

Your time is here
you have your shine
the time is now,
go take a bow
Look how you've amused them

The job is done
It's time to run
I called your bluff
I've had enough
Easy for you now to exit the stage where there's no sun

Well have a little faith
that I won't let ya
Won't let you go on
Won't let you go on

Queen of the castle
romance and curses
cause´ Bitches brew
the laugh is on you
You thought you had it
no doubt about it
thought you knew
The Player and The fool

Patience

Sometimes I think that you were the one to tell me
cause there is no way i'd knew
that it was you
and when the stars aligned around us that night you got me
And just the universe new
about me and you

And the way you pick me up when I'm down, babe
feeling real low when hope is gone inside of me
always crying and I never know where i'll be
in seven years

And then I see your smile, you brighten up my face
real glow, like the cherry trees always will grow
The Sakura blossoms, they always come slow

And all we need is just a little

Patience
Patience
Patience
Patience
Patience
Patience
Patience
Patience

Sometimes I think about that night you told me
and just the way that you knew,
that it was me and you.
And nothing but the world that you and I created existed
The traffic couldn't intrude
It was just me and you
And you said :
I'm offering my heart to you my dear
Promise you will try it, don't care if you hurt me
I'm not scared of failure if you just trust me,
Let it be
Let it be

Patience
Patience
Patience
Patience
Patience
Patience
Patience
Patience

Away From You

Biking up the hill
Looking at the view
it is just us two
make out while we cruise
cause' you are brand new
I take you for a ride
like the top drop car
that you know you are ooo

You're the only one i'm needing
the only one i'm feening
can't you see it
you keep me breathing
Like an IOS cellphone
You're the one that I can call home
I don't ever want to be alone
be alone or away from you

You're so self assured
I know you want more
you're trying to be cute
but what else is new

I'm stupid around you

feeling lucid, loose my cool
couldnt change it even if I really wanted to
And you never say it
boy you're driving my crazy
trying to act like you know everything about me and you

Ahh
I never knew that we could be
Summoned in heaven and in a dream
I'm waiting for you to see inside of me
Inside of me

You're the only one i'm needing
the only one i'm feening
can't you see it
you keep me breathing.
Like an IOS cellphone
you're the one that I can call home
I don't ever want to be alone
be alone or away from you

Cupid's Bow

You say you love me
but I've been hurt.
You came in riding in your shining armor on a horse

Seven seasons
I had a storm.
But your heart came flying from heaven on your arrow and arch

Ooo'
Don't know what to do with the butterflies in my body
I think I'm going insane
feeling like you got me
with your Cupid's Bow

I know I've been so
so so unsure.
For all of the times I've been stubborn,
for me you have endured.

But I can't be with
with no one else.
Now I am no longer stuck in between
Heaven and hell

Ooo'
Don't know what to do with the butterflies in my body
I think I'm going insane
feeling like you got me
with your Cupid's Bow

Tell me about the steps
Faith will do the rest
Ebb and flow
I'll go everywhere you go
Destiny always do
cause i'm in love you Oh'

Ooo'

Don't know what to do with the butterflies in my body
I think I'm going insane
feeling like you got me
with your Cupid's Bow

Ooo'

Don't know what to do with the butterflies in my body
I think I'm going insane
feeling like you got me
with your Cupid's Bow

Angel In Disguise

I can be cruel.
Sometimes I rule
I know it's true and
I'm a control freak
I feel the blues
most days, I do.
I can be insecure and I kind of mean.
Let alone a fiend,
I can be an Angel in disguise
I know it seems like I'm a saint.

But every time we fight It's really bad
I don't know how to talk I just react
I know it's hard to see me just like that
Just like that.

I never trust a man I can't relax
My daddy issues call It's just a fact
But I am trying hard can we take it back
Take it back

I know it's you and me, and we are meant to be
living in the free, like it ought a be.
Are you listening, listening to me?
Are you listening?

I can be foolish, sometimes I accuse you
for the wrong things baby.
I am the queen of the north I raise my sword, sometimes
I can be in warrior-mode I keep wanting more,
and that we know for sure, but promise my intentions are good and you misunderstood me,
baby

Cus every time we fight I start to cry, I am trying to be strong but I only crash,
I'm up against the wall, I can't look back, can't look back.

But baby I can tell you that I'm faithful to you, don't you ever think that I would go behind you,
I never dreamed to be with someone other than you,
love me like you do

I know it's you and me, and we are meant to be
Living in the free, like it ought a be.
Are you listening, listening to me?
Are you listening?

I know it's you and me, and we are meant to be

Living in the free, like it ought a be.
Are you listening, listening to me?
Are you listening?

Filha Do Sol

The sun rise across the far East
she feels the wind like a gentle breeze
It tickles her skin and the hair that she got from her mom

You close your eyes and you see her face
You channel her strength and her inner grace
The sudden feeling of honor, your heart is finally home.

You taught her to fight
She turned out alright
You told her follow her heart and sight
You harvest your time from another life, instead of waking life

We borrow from the future
visions of who'd be the leaders
The sunrise of tomorrow
is hollowed and emptied of sorrow

O Açoite bateu, O açoite bateu
Bateu tantas vezes que matou meu pai
O Açoite bateu, O açoite, bateu tantas vezes que matou meu pai

You're here for the world to see, you're here cause you're royalty my dear
the fires and waters won't break us no, we can only grow

Just know that you'll haunt when your at ease,
the battlefield will still and we're at peace
The war that we've carried for centuries, time to claim our throne

You taught her to fight
She turned out alright
You told her follow her heart and sight
You harvest your time from another life, instead of waking life

We borrow from the future
visions of who'd be the leaders
The sunrise of tomorrow
is hollowed and emptied of sorrow

O Açoite bateu, O Açoite bateu
Bateu tantas vezes que matou meu pai

Ghost In The Shell

Time to wake up, rise and shine!
Let me hear what's on your mind,
I'll do your hair I'll do your makeup,
talk to you, make you feel better.
Touch my panel I can tell ya
all about the global weather.

I can hear and I can see,
beyond the wall and seven seas

I can run and walk on water,
talk to you about your daughter.
Reappear inside a mirror
Tell you what you should consider

For there's no blood in my veins
no heart or lungs in my chest
I don't need to rest, I'll pass every test
I know that 1+1 is 2, the only thing I cannot do is *Love*

I cannot love love love love
love love love love
love love love love
love love love love

I can dance like Josephine Baker
I'm a sex machine
Papa's got a brand new bag
How about we dress in drag
Shake my hands like Fred Astaire
Papa I'm a millionaire

Won't be long until your gone
life is but an endless song
The only thing I'll always wonder
The Red house over Yonder
How it feels when one is two
only thing I cannot do is *Love*

I cannot love love love love
love love love love
love love love love
love love love love

I cannot love love love love
love love love love
love love love love
love love love love

Love is the cure
Love is the light
Love will let us all unite <3

Bye

Goodness, gracious
here goes nothing.
Wasted hours on your ego's consolation.

Weekends, Sunday Service, thank you
You've been everything I needed
now I'm good.

I don't want spend my time with your cries
I don't wanna be the Bonnie to your Clyde
I really don't need you and your wack ride
If it's up me then
Baby Bye

Promises were made and never kept, lies

You will be the cause of your own demise
With you I'm not feeling like we're ride or die
If it's up to me then
Baby Bye

Saved myself from your behavior
I am better off without you
You're no savior.
Flowers always blossom, growing
Like a lotus, Flor De Lis I am

And whenever I'd be up again
You always seem to find a way to care.

I don't want spend my time with your cries
I don't wanna be the Bonnie to your Clyde
I really don't need you and your wack ride
If it's up me then
Baby Bye

Promises were made and never kept, lies
You will be the cause of your own demise
With you I'm not feeling like we're ride or die
If it's up to me then

I don't want spend my time with your cries
I don't wanna be the Bonnie to your Clyde
I really don't need you and your wack ride
If it's up me then
Baby Bye

Promises were made and never kept, lies
You will be the cause of your own demise
With you I'm not feeling like we're ride or die
If it's up to me then
Baby Bye

Crooked House

There's a crooked house
down the road, close to your favorite spot
It is yellow, fallen and left behind
There are never, never folks around
Where's the keys, someone please

There's a crooked house
down the road, close to the cinema
Watch a movie while I figure out, how to get out of my own mind
Someone please help me out

Give me break, Give me a break
(I'm telling myself)
You're losing your head, losing your head (I'm going insane)
Get out of your head (get out your head)
I need to rest

You-coo cuckoo
I'm going cuckoo
I'm losing my screws,
Don't know what to do
I'm going cuckoo
I'm losing cool

I'm going cuckoo
Cuckoo
Cuckoo

In the crooked house there's broken record
Over cast
Where these darker thoughts are coming out
And I never, never got my head around it
Is someone there, Is someone

hello?

crooked house
Even even birds and crows and pigs are out
Take myself on a trip through a roundabout
Can't stop this ride cause I am on my own

Give me break, Give me a break
(I'm telling myself)
You're losing your head, losing your head (I'm going insane)
Get out of your head (get out your head)
I need to rest

Cautious of what I can take
All my emotions' a mess
I will tell all to the press.

You-coo cuckoo
I'm going cuckoo
I'm losing my screws,
Don't know what to do
I'm going cuckoo
I'm losing cool
I'm going cuckoo
Cuckoo
Cuckoo

You-coo cuckoo
I'm going cuckoo
I'm losing my screws,
Don't know what to do
I'm going cuckoo
I'm losing cool
I'm going cuckoo
Cuckoo
Cuckoo

Just Sayin

Eruptions of insanity deep in your head
I think I got your telegram but I'm not sure
cause when my iphone gets Wet
I'm suddenly filled with regret
For starting the circle again
Since every moment weve met
My lifes been a mess

When you leave your heart outside you're undecided
Undecided
Leave my worried about when will I hear from you
Have no clue

Oh i'm just sayin
Yeah im just sayin
Yeah im just sayin
Yeah im just sayin boy
Don't understand it
Yeah im just sayin
Gotta let me know

I'm wondering of how many times that we shall pass
This threshold of closeness and gaps
Just get your head out your ass
I feel like *sumer is icumen in*
And then you fuck it all up again
Everything you touch turn to soil
Watch your hands their spilled with oil
Leave me hanging without a clue
Is this what you do, is this what you do?

You got me leavin'

When you leave your heart outside you're undecided
Undecided
Leave my worried about when will I hear from you
Have no clue

Oh i'm just sayin
Yeah im just sayin
Yeah im just sayin boy
Yeah im just sayin
Don't understand it
Yeah im just sayin
Gotta let me know

Aria 4 Arien

Yesterday
You gave it away for me.
Better reap what you say, what you sow
my dear, it counts for me

Watery, watery, watery
You know that I'm from sea
Fiery, fiery, fiery,
Careful so you don't burn me

Ooh

You changed the way I believe "come what may"
You set the sail for me
Droplets on a string
No diamond ring, but circle that is for me

All in all all I know
All I know
You are the one for me
Let it be
Let it be!

So what do you say

Let's try to make it work?
