SPACE ANNOUNCE NEW BEST OF *THE ART OF SPACE DISCO (1977-1978)*
THE MOST ICONIC TRACKS NEWLY REMASTERED
RELEASED FRIDAY OCTOBER 16TH

PRE-ORDER THE ALBUM [HERE](#)

A major figure in electronic music and pioneer of cosmic disco, **Space** was founded in 1977 by Didier Marouani. "**Magic Fly**", its first single, embodies its futuristic DNA (a melodious, cosmic and disco-inspired composition). Following its worldwide success, 3 albums were released. "**Magic Fly**" (1977), blending melodic richness with synthetic innovation, delivered both dancefloor hits and midtempo tracks. "**Deliverance**" (1977) is a typical 70s concept album, ranging from disco to cosmic electronic music. "**Just Blue**" (1978) is a more melancholic album featuring broader orchestrations and complex harmonies. These 3 records sold over **10 million copies worldwide**.

"**The Art Of Space Disco (1977-1978)**" presents Space's most iconic tracks and sums up two fruitful years of musical innovation. The **vinyl** (crystal clear) includes **4 exclusive edits** (Carry On Turn Me On, My Love Is Music, Deliverance, Running In The City). The **double CD** (three-panel digisleeve) includes **2 additional tracks** (Symphony, Velvet Rape) and **8 remixes** (previously unreleased on physical media) produced in 2026 by artists whose musical careers were shaped by Space (**The Toxic Avenger, Domenico Torti, Dimitri From Paris, DJ Deep, Alex Gopher, Antoine Bourachot, The Reflex, Joe Smooth**). Exclusive liner notes by Jean-Yves Leloup. All tracks have been **remastered** by Alex Gopher.
